DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 31 is rejected under 35 U.S.C. 102(b) as being anticipated by Weber (US 5,809,358).

Weber teaches the claimed invention including:

- a cassette (111) comprising a housing (Fig. 6a) in which a reel (127) holding a supply of tape is arranged, said reel being rotatable with respect to said housing and having a plurality of markings (133-147) thereon, said housing being arranged so that said markings are detectable by detecting means (151) external to said cassette to provide information relating to rotation of said reel (Abstract, lines 15-20, rotation sensor 36, Fig. 4).

Allowable Subject Matter

2. Claims 1-29 and 32-43 are allowed.

Response to Arguments

3. Applicant's arguments filed June 05, 2001 have been fully considered but they are not persuasive.

With respect to claim 31, Applicants argue that there is no suggestion to use Weber's canister in a printing apparatus.

Examiner's position is that Weber's canister (111) teaches the claimed invention (Fig. 6a); thus, there is a suggestion that it could be used in a printing apparatus.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 2861

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
